

Rugged IP68 High-Performance 4G Wireless HD Video Recorder with Flexible Stream Adaptive Technology

Our Product Introduction

for more products please visit us on zkmanet.com

Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: ZKMANET
- Certification: CE, ISO9001
- Model Number: ZKManet6104
- Minimum Order Quantity: 1
- Price: USD499
- Packaging Details: Brown Carton
- Delivery Time: 5~8 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 10000 pieces per year

Product Specification

- OS: Android 8.1
- CPU: Qualcomm Eight Core 2.0GHz Processor
- Position: GPS/BD
- IP Rating: IP68
- Screen: 3.1 Inch
- Bluetooth: Support
- 4G: Support
- Working Time: ≥6h

Product Description

Rugged IP68 High-Performance 4G Wireless HD Video Recorder with Flexible Stream Adaptive Technology

Product Description

Our Pro

The ZKManet6104 uses a 4G wireless network as its primary communication channel, integrating advanced video compression technology, professional bandwidth estimation methods, flexible stream adaptive technology, and dual-stream capabilities for simultaneous recording and transmission. It enables local storage and real-time transmission of 1080P HD video. The device is equipped with a PTT interface to support voice transmission and can also transfer images, files, and other data via USB, Bluetooth, or Wi-Fi. Additionally, it supports NFC, OTG, and GPS/BD positioning functions.

Features

- * Supports 4G
- * Rugged IP66
- * Uploading videos can synchronize audio and positioning
- * Supports sending videos, pictures, documents and other files

Product Parameters

Model	ZKManet6104	
parameter	Use system	Android 8.1
	CPU	Qualcomm Eight Core 2.0GHz Processor
	Save	RAM:2GB;ROM:16GB, extend 128GB
	Screen size	3.1inch
Network parameters	Net	4G
	Wi-Fi	802.11 b/g/n/a/ac, 2.4G/5.8G Dual frequency
	Bluetooth	Blue tooth 4.1, Supports Bluetooth earphones
Audio and video	Rear Camera	13 million pixels, automatic zoom, ultra-high definition capture
	Rear enforcement camera	2 million pixels, Sony F1.8 large aperture, 120 ° wide angle high-definition recording
	Front facing conference camera	5 million pixels, dedicated for video conferencing
	IR Lamp	2 red LED , At night, one can clearly see a person's face within 5 meters
	microphone	1 MIC, 2 Noise reduction silicon microphone
Sensor	Position	Beidou/GPS/Glonass
Size	size	105*65*18mm
	weight	180g
	temp	-30°C~55°C
	IP	IP68
Electrical characteristics	DC	DC5V
	Battery working tome	Battery can be changed, 1 battery can work≥6h
	Battery size	3200mAh
Others	NFC	support
	OTG	support
	USB	USB Tpye-C , USB3.0
	Laser positioning light	support

Company Profile

Zhongke Lianxun (Shenzhen) Technology Co., Ltd is a high-tech R&D enterprise. Our products mainly use Mesh and LTE as core technologies and auxiliary decision-making software to form underground building emergency communication systems, and police investigation communication systems, and police noncombat training communication systems, urban emergency communication systems, emergency communication vehicle communication systems, etc., suitable for law enforcement forces and government departments such as public security, armed police, , forest fire prevention, civil air defense, and maritime. Especially the intelligent communication products of special robots have solved the long-distance communication and control problems of robots in complex environments.

We hold several patents with independent intellectual property rights and have developed a robust quality management system that adheres to ISO9001 standards, as well as national standards. Our production processes strictly follow these national guidelines and internationally recognized standards, including CCC, CE, and FCC. Additionally, we have received the Radio Transmission Equipment Model Approval Certificate from the Ministry of Industry and Information Technology of China and have successfully completed wireless product testing certification by the Ministry of Public Security.
