

## Long Range 800/1420/2400 MHz 450g Drone Data Link Transmission with AES 128/256-bit Encryption

Our Product Introduction

for more products please visit us on [zkmanet.com](http://zkmanet.com)

### Basic Information

- Place of Origin: Shenzhen
- Brand Name: ZKMANET
- Certification: CE
- Model Number: ZKMANET2441UM
- Minimum Order Quantity: 1
- Price: 800
- Packaging Details: Carton
- Delivery Time: 15days
- Payment Terms: TT, L/C, D/A, D/P, Western Union, MoneyGram
- Supply Ability: 10000pcs/year

### Product Specification

- Data Port: Support
- Weight: 450g
- Encryption: AES 128/256-bit
- Output Power: 2w
- Size: 113\*84\*38mm
- Transmission Range: 10-30km
- Data Rate: Up To 30 Mbps
- Frequency Band: 800MHz/1.4GHz/2.4 GHz
- Highlight: Long Range Drone Data Link,  
450g Drone Data Link,  
2400 MHz Drone Data Link

## Product Description

### Product Description:

Our Drone Data Link offers a high data rate of up to 30 Mbps, ensuring smooth and uninterrupted transmission of drone video and data. With AES 128/256-bit encryption, you can rest assured that your drone data is secure and protected from any unauthorized access. Our product also supports data port, allowing for easy integration with other devices and systems.

Our Drone Data Link is not just a drone video transmitter, but also serves as a reliable drone detection device. With its long-range transmission and high data rate, this product can detect and track drones in real-time, providing you with accurate and timely information about drone activity in your area.

Whether you are looking to monitor drone activity for security purposes or need to transmit drone video and data for research or commercial purposes, our Drone Data Link is the solution for you. With its advanced features and reliable performance, this product is sure to meet all your drone detection and transmission needs.

### Features:

Product Name: Drone Data Link

Type: Data Link System

Transmission range: 10-30km

Frequency Band: 800MHz/1.4GHz/2.4 GHz

Data Rate: Up To 30 Mbps

Data port: Support

Compatible with Drone Accessories

Can be used as a Drone Video Transmitter or Drone Wireless Video Transmitter

### Technical Parameters:

Product Attribute	Specification
Product Type	Data Link System
Output Power	2W

Size	113*84*38mm
Power Supply	12V DC
Transmission Range	10-30km
Data Rate	Up To 30 Mbps
Frequency Band	800MHz/1.4GHz/2.4 GHz
Data Port	Support
Encryption	AES 128/256-bit

This Drone Data Link product is a type of Drone Detection Device and Drone Wireless Video Transmitter that can be used as part of an Anti Drone System. It has a transmission range of up to 15 km and supports data rates of up to 30 Mbps. Its frequency band includes 800MHz/1.4GHz/2.4 GHz, and it supports encryption with AES 128/256-bit.

## Applications:

The ZKMANET Drone Data Link is a perfect drone detection device that can be used in a wide range of applications. It can be used for aerial photography, surveillance, search and rescue operations, agricultural monitoring, and many other applications where a drone is used.

With a data rate of up to 30 Mbps and a transmission range of up to 15 km, the ZKMANET Drone Data Link provides a fast and reliable connection between the drone and the ground station. The device is lightweight, weighing only 450g, making it easy to carry and install. The ZKMANET Drone Data Link comes with a data port that supports various types of data, making it a versatile drone accessory. It can be used with different types of drones and ground stations.

The ZKMANET Drone Data Link is available at a price of \$800, with a minimum order quantity of 1. It is packaged in a carton and is delivered within 15 days after the order is placed. The payment terms are TT, and the supply ability is 10000pcs/year.

## Customization:

We have a delivery time of 15 days and offer TT as the payment term. Our supply ability is 10000pcs/year, and the product size is 113\*84\*38mm. The output power is 2w and the frequency band is 800MHz/1.4GHz/2.4 GHz. The encryption used is AES 128/256-bit. Additionally, our Drone Data Link supports data port.

If you need any customization for your Drone Detection Device or Drone Accessories, ZKMANET is here to help. Contact us today to discuss your specific product needs.

## Support and Services:

Our Drone Data Link product comes with comprehensive technical support and services to ensure that you have a smooth and trouble-free experience. Our team of experts is available to provide assistance and answer any questions you may have about the product.

Our technical support includes:

24/7 customer service

Online technical documentation

Technical training and consultation

Remote technical support and troubleshooting

Product repair and maintenance services

In addition to technical support, we also offer a range of services to help you get the most out of your Drone Data Link product:

Customization and integration services to meet your unique needs

Product upgrades and enhancements

Data analysis and reporting services

On-site installation and configuration services

Product warranty and support programs

With our comprehensive technical support and services, you can rely on us to provide the support you need to get the most out of your Drone Data Link product.

## Packing and Shipping:

The Drone Data Link product comes in a sturdy cardboard box with the following dimensions:

Length: 10 inches

Width: 8 inches

Height: 4 inches

The package includes:

1 Drone Data Link device

1 USB cable for charging and connecting to a computer

1 User manual

The package will be shipped within 1-2 business days after the order is placed. The shipping method will be determined by the customer during checkout. We offer standard and expedited shipping options.

## FAQ:

**Q: What is the brand name of the product?**

**A:** The brand name of the product is ZKMANET.

**Q: What is the model number of the product?**

A: The model number of the product is ZKMANET2441UM.

**Q: Where is the product manufactured?**

A: The product is manufactured in Shenzhen.

**Q: Does the product have any certification?**

A: Yes, the product is CE certified.

**Q: What is the minimum order quantity for the product?**

A: The minimum order quantity for the product is 1.

**Q: What is the price of the product?**

A: The price of the product is 800.

**Q: What are the packaging details for the product?**

A: The packaging details for the product are carton.

**Q: What is the delivery time for the product?**

A: The delivery time for the product is 15 days.

**Q: What are the payment terms for the product?**

A: The payment terms for the product are TT.

**Q: What is the supply ability of the product?**

A: The supply ability of the product is 10000pcs/year.
