

15 km Range Anti Drone System with AES Encryption and 2W Output Power 450g

Our Product Introduction

for more products please visit us on zkmanet.com

Basic Information

- Place of Origin: Shenzhen
- Brand Name: ZKMANET
- Certification: CE
- Model Number: ZKMANET2441UM
- Minimum Order Quantity: 1
- Price: 800
- Packaging Details: Carton
- Delivery Time: 15days
- Payment Terms: TT, L/C, D/P, D/A, Western Union, MoneyGram
- Supply Ability: 10000pcs/year

Product Specification

- Transmission Range: Up To 15 Km
- Frequency Band: 800MHz/1.4GHz/2.4 GHz
- Output Power: 2w
- Transmission Range: 10-30km
- Weight: 450g
- Size: 113*84*38mm
- Power Supply: 12V DC
- Encryption: AES 128/256-bit
- Highlight: AES Encryption Anti Drone System,
2W Output Power Anti Drone System,
15 km Range Anti Drone System

Product Description

Product Description:

Our Drone Data Link is the perfect addition to your drone accessories. It is a lightweight and compact device, measuring just 113*84*38mm, making it easy to carry around with you wherever you go. With a transmission range of up to 15km, you can fly your drone without worrying about losing connection.

Our Drone Data Link is a high-quality drone wireless video transmitter that is designed to provide you with crystal clear video footage.

Whether you are using your drone for professional or recreational purposes, our data link system is the perfect solution for your needs.

The transmission range of our Drone Data Link is 10-30km, which means that you can fly your drone for long distances without worrying about losing connection. Our data link system is designed to provide reliable connectivity, even in areas with weak signal strength.

So why wait? Order your Drone Data Link today and take your drone flying experience to the next level!

Features:

Product Name: Drone Data Link

Type: Data Link System

Transmission range: 10-30km

Data Rate: Up To 30 Mbps

Frequency Band: 800MHz/1.4GHz/2.4 GHz

Weight: 450g

Features:

Drone Wireless Video Transmitter

Commercial Drone UAV

Anti Drone System

Technical Parameters:

Power Supply	12V DC
Data Rate	Up To 30 Mbps

Weight	450g
Data port	Support
Type	Data Link System
Size	113*84*38mm
Output power	2w
Encryption	AES 128/256-bit
Transmission Range	Up To 15 Km
Frequency Band	800MHz/1.4GHz/2.4 GHz

This table shows the technical parameters of a Drone Detection Device.

Applications:

The ZKMANET2441UM drone data link system is equipped with AES 128/256-bit encryption to ensure secure data transmission. The frequency band for this product is 800MHz/1.4GHz/2.4 GHz, which provides a stable and reliable connection. The weight of this product is 450g, making it lightweight and easy to use. The product also comes with a data port, which supports a variety of different data formats.

The ZKMANET2441UM drone data link system can be used in a variety of different scenarios. For example, it can be used in an anti-drone system to help detect and track unauthorized drones in sensitive areas. It can also be used in a drone video transmitter to help transmit high-quality video footage from a drone to a remote location.

Overall, the ZKMANET2441UM drone data link system is a reliable and efficient product that can be used in a variety of different scenarios. Whether you are looking for a product to help with anti-drone security or to transmit high-quality drone footage, this product is an excellent choice.

Customization:

ZKMANET offers customization services for its Drone Data Link System, Model Number ZKMANET2441UM, which is a high-quality drone detection device and drone accessories. The product is made in Shenzhen and is CE certified. The minimum order quantity is 1 and the price is \$800. The packaging details include a carton and the delivery time is 15 days. Payment terms are TT, and the supply ability is 10,000pcs/year, making it a reliable drone video transmitter. The weight of the product is 450g with a data rate of up to 30 Mbps and power supply of 12V DC. The encryption used is AES 128/256-bit, making it a highly secure data link system.

Support and Services:

The Drone Data Link product technical support and services include:

- Troubleshooting and diagnosis of technical issues related to the product
- Assistance with installation, configuration, and setup of the product
- Guidance on how to use the product's features and functionalities
- Regular software updates and maintenance to ensure optimal performance
- Access to product documentation and user manuals for reference
- Customer service support to address any questions or concerns

Packing and Shipping:

Product Packaging:

The Drone Data Link product comes in a sturdy cardboard box with the company logo and product name clearly printed on the front. Inside the box, the product is securely wrapped in bubble wrap and surrounded by foam inserts to prevent any damage during shipping. The package also includes an instruction manual and necessary cables for installation.

Shipping:

We offer free standard shipping for the Drone Data Link product within the United States. Shipping typically takes 3-5 business days. Customers can also choose to pay for expedited shipping for faster delivery. For international orders, shipping rates and delivery times may vary depending on location.

FAQ:

Q1: What is the brand name of this product?

A1: The brand name of this product is ZKMANET.

Q2: What is the model number of this product?

A2: The model number of this product is ZKMANET2441UM.

Q3: Where is this product manufactured?

A3: This product is manufactured in Shenzhen.

Q4: Does this product have any certifications?

A4: Yes, this product has CE certification.

Q5: What is the minimum order quantity for this product?

A5: The minimum order quantity for this product is 1.

Q6: What is the price of this product?

A6: The price of this product is 800.

Q7: What are the packaging details for this product?

A7: The packaging details for this product is carton.

Q8: What is the delivery time for this product?

A8: The delivery time for this product is 15 days.

Q9: What are the payment terms for this product?

A9: The payment terms for this product is TT.

Q10: What is the supply ability of this product per year?

A10: The supply ability of this product per year is 10000 pcs.
